WALLACE PRESS-TIMES

EXPONENT OF THE COEUR D'ALENES—YOUR NEWSPAPER AND YOUR PRINTER

VOL. 35. NO. 293.

WALLACE, IDAHO, THURSDAY, JANUARY 29, 1931.

PRICE: FIVE CENTS A COPY.

Weather

Idaho: Fair Thursday and Friday; freezing temperatures at night.
Wallace: Wednesday, maximum 49, minimum 37.

Metal Prices

Copper	9¾@10c
Lead, New York	$4.75
East St. Louis	$4.60
Zinc, E. St. Louis	$4.05@$4.10
Antimony	$7.25
Bar Silver	29½c

PRIMARY BILL REPORTED OUT OF COMMITTEE

Will be Sent to Senate Calendar for Debate and Passage Today; Predict Victory.

BOISE, Jan. 28. (AP)—The direct Primary measure was reported out of the committee today to go on the senate calendar tomorrow for debate and final passage.

The measure was held in the engrossing committee since the republican-democratic combine successfully resisted attempts to amend it.

Authors of the bill, including six republicans and six democrats, predicted it would pass by the same majority it withstood the republican attack last month. It was conceded, however, it would have tough going in the house where there is a larger republican majority and where a host of amendments are known to be awaiting presentation.

Into the senate also came a bill amending the law to permit granting of divorces to those showing a record of three months' residence in the state and a bill which would reduce the penalty for driving an automobile while under the influence of intoxicating liquor.

Explain Amendment.

The amendment to the latter measure was explained by members of the judiciary committee, where the bill originated, as intending to change the law to permit justice courts to deal with these offenses instead of holding them over to the district court when conviction would become more difficult because of the absence of witnesses.

Two bills were introduced in the house while it argued over an increase in penalties for conviction for altering livestock brands. The bill, which would increase the penalty from a minimum of a $10 fine to a minimum of a $100 fine, was introduced by representative Emma Yielan, Lemhi. She argued the present fine was insufficient for the offense "for it is only preliminary to stealing the animal when the brand is altered." The bill finally was referred to the author to reduce the penalty.

Purchase Power.

One of the bills introduced would pave the way for municipalities to purchase power plants and other utilities on time payment plans, a proposition recently held illegal under the present law.

The other bill introduced by Representatives Coulter, Valley, and Graham, Bryett, both democrats, asked that all state-owned automobiles be required to bear the brand of the state and of the department to which they were attached.

The bill aiming to permit municipalities to purchase power plants was signed by seven representatives: Hanson, Bonneville; Larsen, Bannock; Keating and Reed, Kootenai; Mrs. Bernard, Canyon; McCombs, Bonner, and Taylor, Jefferson. It provided that the city without the vote of the electors, could enter into a contract with a company to furnish equipment, the payment on which would be made from receipts of operation of the plant. These receipts would be placed in a special fund.

Contract Specifications.

The contract would be made specifically binding only against the special fund, a provision which the bill stated would be exempt from the constitutional prohibition against the municipality binding more revenue than accrued to the city in a year. Any excess in the special fund would be made available to the city's current expense fund by transfer.

A bill sponsored by railroad brotherhoods regulating the length of trains, fixing the minimum size for crews to operate them and specifying certain requirement schedules to be introduced today was held up for modification, Senator Hunt, democrat, Bannock, said.

BOOSTS SMITH FOR PRESIDENT

OTTAWA, Jan. 28. (AP)—Brigadier General Benedict Crowell, assistant secretary of war in the Wilson cabinet, believes Alfred E. Smith of New York is the logical democratic presidential candidate in 1932. General Crowell came to Ottawa today to visit Col. Hanford MacNider, United States minister.

The general, an executive of the Anti-Saloon Association Against the 18th Amendment, said there had recently been a "great shift in American public opinion against prohibition."

STUDENTS INJURED.

MERIDIAN, Idaho, Jan. 28. (AP)—Fourteen college students were seriously injured and 23 others escaped with minor bruises and cuts in a collision between a school bus and an automobile three miles north of Nampa today. The machines were demolished.

The injured, Harold Stewart and Marjorie Schmidt, Boise valley students of the church school, were taken to a Nampa hospital for treatment. Physicians said both would recover.

FARLEY TESTIFIES IN BOMBING TRIAL

Tells of Taking Trunk Loaded With Dynamite Through Hotel.

SAN FRANCISCO, Jan. 28. (AP)—The lengthy story of how two young men lugged and heaved a big black trunk filled with dynamite, detonating caps and a battery through a Seattle hotel was told today by John L. Farley, Tacoma taxi driver, in the trial of Henry A. Ilse and Thomas Boyle, charged with attempting to bomb the Cowles Publishing company building at Spokane.

Farley said he received a message from Boyle asking Farley to meet him in a Seattle hotel and keep "mum." The state charges Boyle conspired to receive the trunk and recheck it to the Spokane building.

Once inside the hotel room Farley said Boyle cautioned him against touching anything and asked "How far will you go in crime?" Farley said he attempted to divert Boyle in sending the trunk and when the trunk was opened broke a terminal post in the battery.

Asked If Crazy.

"I asked Boyle is he was crazy," Farley testified. "I told him he had better notify the police.

Before Boyle discovered the broken terminal post he declared he had confirmed whether the plant would be empty.

"I told Boyle a newspaper plant was never empty," Farley continued. "Boyle said he would be shot when he returned to San Francisco if the trunk was not delivered and also that he would not collect $125 someone had offered him to recheck the trunk at Seattle."

EXPLOSION KILLS MANY COAL MINERS

Death Total Estimated at 30; Two Injured in Hospital.

LINTON, Ind., Jan. 28. (AP)—Thirty miners were believed killed late today when an explosion wrecked the west entry of the Little Betty shaft mine, near here.

More than six hours after the blast five bodies had been recovered, two miners were in a hospital, one critically injured, and 25 others lay in the depths of the mine, hope abandoned by rescue workers. Mine officials said poisonous black damp followed the blast and that the men would be found dead.

The explosion was generally attributed to ignition of 600 pounds of blasting powder which was carried into the shot firers. Later, however, reports reached the current the blast was caused by gas. Debris filled the entries, hampering investigation of the cause.

Could be Worse.

Had the explosion occurred 10 minutes earlier, most of the 115 men on the day force might have been trapped.

Highways near the mine were blocked with automobiles tonight for a distance of two miles. At the mine mouth hundreds were milling about, including many wives and children of the miners. Many women grew hysterical.

A call for additional workers was issued tonight and the volunteers who were working,w ere warned they were risking their lives in entering the mine.

It was hoped to bring all of the bodies out of the mine during the night.

SEEK TAX FOR OLEOMARGARINE

BOISE, Ja. 28. (AP)—An oleomargarine tax measure levying a tax of six cents a pound on uncolored butter substitutes and 11 cents on colored substitutes was presented to the agriculture committee of the legislature today.

The measure was drawn up by Senators Schafer of Nez Perce and Leslie of Boundary.

Authors of the measure insist it will raise a half million dollars a year in revenue.

GET BIG STILL

NEW YORK, Jan. 28. (AP)—A distillery valued at more than $500,000, the largest seized in New Yoork state since the advent of prohibition, was captured last night in Kingston by federal prohibition agents. Four arrests were made.

FIRE DESTROYS HOUSE

TOKYO, Jan. 28. (AP)—Fire today destroyed the residence of Mrs. Alice St. John, directress of the nurses' training school of St. Luke's hospital here, and for a time threatened the temporary home of W. Cameron Forbes, American ambassador.

INVESTIGATE 'TPPING'

WASHINGTON, Jan. 28. (AP)—Investigation by the house expenditures committee of wire tapping by prohibition agents was postponed today because of the illness of Attorney General Mitchell.

BELIEVE 21 ARE CAUGHT IN SLIDE

BARDENECCHIA, Italy, Jan. 28. (AP)—Three army officers, two noncommissioned officers, and sixteen soldiers in an airplane detachment were feared lost today in two avalanches which overwhelmed the patrol in the valleys of Dora and Riparia.

Rescue parties were searching in the vicinity but this afternoon they had found no trace of the missing men.

DIDN'T KNOW GOFF WAS GRIDIRON STAR

Says He Had No Interest in Recruiting for West Point Eleven.

NEW YORK, Jan. 28. (AP)—When he first initiated efforts to obtain an appointment for Kenneth Goff, Rhode Island state backfield star, to West Point, W.T. Wrightson, New York business man and member of the Army Athletic association did not know the boy was a football player nor was he interested in "recruiting" gridiron talent for the army force.

This statement by Wrightson, whose name has figured conspicuously in the Providence Bulletin disclosures of alleged recruiting followed the publication of several additional statements and letters today, all revolving around the Brockton, Mass., boy who as late as yesterday wrote, "I do hope to get a chance to enter West Point."

Goff will not enter West Point but the unofficial attempt to obtain an appointment for him through Congressman Stobbs of Worcester has developed something of a teapot tempest.

The Providence Bulletin today published another letter from Cadet Carroll to his ex-classmate at Rhode Island, Goff, indicating Major Ralph Sasse, West Point's football coach, had taken an interest in the case to the extent of suggesting what Goff would do to further chances of appointment.

BUTLER'S SPEECH IS STILL UNEXPLAINED

Secretary of the Navy Awaiting Answer From Marine General.

WASHINGTON, Jan. 28. (AP)—Smedley D. Butler's speech which aroused Premier Mussolini's wrath, was still unexplained officially tonight.

Secretary Adams was awaiting an answer to his request that the marine officer give his version of an address in Philadelphia on January 19, which resulted in a formal protest from the Italian embassy.

Reports about the incident persisted during the day, but none of them was confirmed.

Behind the Italian ambassador's protest was this message attributed to Mussolini:

"I have never taken an American on a motor trip. Neither have I run over a child, man or woman."

The premier was described as deeply offended.

MOUNTAINEERS TAKE TO RADIO

WASHINGTON, Jan. 28. (AP)—Feared and distrusted at first, the radio is now finding acceptance and popularity in the remote cabins of the Tennessee mountaineers.

A few months ago the office of education of the interior department, colleges and universities, radio companies and the United States Chamber of Commerce combined to promote a radio educational program for the benefit of the hill dwellers.

Many of the mountaineers never had listened to a radio broadcast, many were opposed to hearing them at the beginning, and some objected to any sets being put in their homes.

Now, dozens of appeals for sets are being received.

FIND ERROR IN POSTAL GUIDE

ROCK PORT, Mo. (AP)—Residents here have found an error in Uncle Sam's postal guide. In the guide it's Rockport, Mo., but the name was changed a few years ago to Rock Port, to minimize confusion with Rocheport, Mo.

HER FISHING EXPENSIVE.

FORT LAUDERDALE, Fla. (AP)—If a good line helps, Mrs. Helen E. Thomas, woman fly-casting champion of Washington, should catch lots of fish. Taking out a Florida license, she listed fishing tackle valued at $1000 and a rod at $125.

BUY RUSSIAN COTTON

LIVERPOOL (AP)—Thirteen thousand bales of Russian cotton, valued at $750,000, has been purchased by a Lancashire spinning mill combine. Part of the cotton is here and the remainder will be shipped during the next few months.

LARGER NUMBER OF SUBSCRIBERS ON WET PAPERS

Circulation of Anti-Prohibition Newspapers Doubles Dry Periodicals.

WASHINGTON, Jan. 28. (AP)—A conclusion that the nation's anti-prohibition newspapers as a whole have approximately doubled the circulation of those favoring the dry law was reached today by the Methodist board of temperance.

In a survey of 1346 daily papers, having an aggregate circulation of 32,994,609 the board placed only 520 of these as definitely wet. Their combined circulation, however, was estimated at more than 21,000,000 or 64 per cent while that of the 809 dry papers were 10,488,553 or 32 per cent.

There were 115, mostly of small circulation, described as neutral. Few other prohibition developments came during the day.

Prohibition Director Woodcock said new regulations were being considered to give dentists the same amount of medicinal liquor as is now allowed physicians.

Adopts Recommendation.

Commissioner Doran of the industrial alcohol bureau announced the adoption of one of the Wickersham commission's recommendations. It would permit physicians to enter on their prescription stubs without specifying in the prescription the ailment for which whiskey was prescribed.

The senate appropriations committee approved the fund requested by the prohibition bureau, adding $147,180 to bring the total to $11,516,630.

The house expenditures committee meantime postponed its investigation of wire tapping by prohibition agents because of the illness of Attorney General Mitchell.

The Methodist temperance board also made available the figures of another survey covering 1438 newspapers, of which 37 per cent were said not to give prohibition an "even break" while 35 per cent was described as biased in handling prohibition news. Board officials said that not all of these by any means were wet papers.

ONE MEAL A DAY FOR SUFFERERS

MARVELL, Ark. Jan. 28. (AP)—One meal a day, consisting usually of bread and molasses and perhaps beans or plain salt pork, is what the average drought sufferer's family gets out of what the Red Cross gives him.

"But we're thankful to get that because it keeps us from starving," said Jacob Miller, a negro tenant farmer and lifelong resident of this community. "About all it does is to keep alive though."

Miller's case is typical of that of most of the tenant farmers of this and other counties—whites and negroes alike.

He has a wife and two children and has been receiving food from the Red Cross for three weeks. It amounts to about $5 a month.

"We eat one meal a day," he said. "If we tried to get more than that out of the food we get, it wouldn't last two weeks."

The food is allotted every two weeks.

HUGE DECREASE IN 1930 INCOME TAX

WASHINGTON, Jan. 28. (AP)—A decrease of $169,837,364 in income taxes collected during the calendar year, 1930, was shown today by statistics issued by the internal revenue bureau.

The total was $2,332,968,393, compared with $2,052,806,757 in 1929. The collections by states in 1930 included Idaho, $793,658.10.

The Day in Washington

(By the Associated Press)

Red Cross declined to administer proposed $25,000,000 appropriation for drought relief.

Secretary Mellon opposed cash redemption of soldier bonus certificates.

Senator Heflin gave notice he would contest seating of Senator-Elect Bankhead of Alabama.

Further appropriations for farm board opposed by representatives of American Cotton Shippers association.

Senate voted to investigate prices of meat and meat products.

Senator Stelwer proposed appointment of a commission to investigate causes and remedies of fluctuations of all commodity and security values.

Senate auditing committee approved Walsh resolution for employment of counsel to test the right to oust the seat of three power commissioners.

PREMIER FIGHTS OFF TWO ATTACKS

LONDON, Jan. 28. (AP)—Prime Minister Ramsay MacDonald's government fought off two conservative attacks tonight with the aid of the liberal party and thus remained in office whereas defeat probably would have meant his immediate resignation.

Both victories were on motions offered by Stanley Baldwin, leader of the conservatives, against the hotly contested trade dispute bill.

CLAIM COAST GUARD CAPTAIN WAS DRUNK

Witness Says Skipper Was Intoxicated As He Boarded Ship.

NEW YORK, Jan. 28. (AP)—One of seven witnesses produced by the British consul general at an inquiry into the shelling of the Canadian rum runner Josephine K., testified positively today that Boatswain Karl Schmidt, in command of C. G. 145, the cutter which captured the rum boat, was intoxicated when he boarded his prize.

Of six other members of the rum runner's crew, taken before the board to tell what they knew about Schmidt, one said he saw the boatswain drink a bottle of ale.

Admits Firing.

At yesterday's session, the boatswain admitted he fired the shells which struck the rum boat, one of which mortally wounded William P. Cluett, the captain. He denied he was intoxicated or had taken a drink.

Louis Selig, Halifax seaman, was the witness who declared unequivocally that Schmidt had been drinking. Schmidt appeared to be "very intoxicated," Selig said, "he staggered."

Selig declared he saw the boatswain down "six or more" bottles of ale and "a couple of whiskey." He added that Schmidt's talk was incoherent, although he clearly caught one sentence: "It is too bad the captain got shot."

BLOCK COURT TEST FOR HOOVER FIGHT

Resolution Over Controversy Is Sent to Calendar.

WASHINGTON, Jan. 28. (AP)—The proposal for a court test of the controversy between President Hoover and the senate over three members of the power commission moved forward another step today but final approval was blocked.

The resolution to authorize carrying the case to the courts was approved by the senate audit and control committee but Senator Shortridge, Calif., resented its consideration in the senate.

His objection sent the resolution to the calendar to await its turn but a majority of the senate can call it up for action.

Leaders of the movement to recall the nominations of Chairman Smith and Commissioners Gardsaud and Draper of the commission indicated they would seek early approval of the resolution.

MAY ERADICATE "SPOTTED FEVER"

WASHINGTON, Jan. 28. (AP)—Senator Walsh of Montana proposes that the government undertake the eradication of the deadly "spotted fever."

He said today he would introduce a bill, endorsed by the public health service, under which the government would take over a laboratory now operated by the state of Montana for the production of a serum used in treating the disease. The disease is carried by the wood tick and although it was once chiefly centered in the Bitter Root valley in Montana it has now spread to other states.

WEST VIRGINIA BANK CLOSED

HUNTINGTON, West Va., Jan. 28. (AP)—The Union Bank & Trust company here closed its doors today.

A sign on the door stated the directors had placed the institution in the hands of the state banking department due to depleted reserves.

At the last state bank call, December 31, the bank reported resources of $2,890,255.76 and deposits of $1,857,816.97.

LIQUOR FOR DENTIST

WASHINGTON, Jant. 28. (AP)—Prohibition Director Woodcock said today new regulations probably would be adopted soon permitting dentists the same emergency supplies of liquor allowed physicians.

ASKS CONSERVATION

WASHINGTON, Jan. 28. (AP)—A dual plea from Secretary Wilbur for conserving oil and gas resources and a third appeal to protect the government's lease holders today awaited consideration of the house.

CONGRESS MAY FIND OWN RELIEF AGENTS

Robinson Replies to Red Cross' Refusal to Accept Funds.

WASHINGTON, Jan. 28. (AP)—A threat that congress would find its own relief agencies came today in answer to a flat refusal by the Red Cross to administer the $25,000,000 relief fund proposed in the senate.

Democratic Leader Robinson told the senate congress would find its own agencies for distribution of such funds as it feels should be used in the emergency "if the Red Cross refuses to measure up to the proper standard."

He was speaking in reply to testimony of John Barton Payne, chairman of the Red Cross, had given the house appropriations committee. He said his organization could not accept administration of the fund. He presented a resolution adopted by the Red Cross central committee.

The Arkansas senator called on all senators who had even an "ordinary" regard for suffering to "repudiate the policy which implies a refusal on the part of those responsible to the people as a whole to take any action whatever to relieve the distress."

Robinson said the $10,000,000 being sought by the Red Cross was inadequate and threatened an extra session if necessary to make congress "do its duty" and described the attitude of President Hoover against the $25,000,000 appropriation as "incomprehensible," even to his closest friends.

W. W. P. CAMPAIGN WILL BE QUIZZED

Must Explain Expenditures Against Enactment of Power Bill.

WASHINGTON, Jan. 28. (AP)—Federal trade commission officials expect Frank T. Post, president of the Washington Water Power company of Spokane to appear before the commission in March to explain company expenditures to defeat enactment of a power bill submitted to voters on November 30, 1930.

At a hearing of the commission which investigated the affairs of the Washington company, testimony was given showing disbursement of $33,425 to individuals and for advertising purposes. A statement of expenditures signed by the comptroller of the company was entered in the record of the hearing by R. Heily, chief counsel.

The bill would permit establishment of power districts coextensive with counties with powers as to construction and acquisition of facilities for production and sale of electric current within and without such districts.

BRITISH VESSEL WAITS FOR HELP

SAN FRANCISCO, Jan. 28. (AP)—Fast aground on a reef in the South seas, 1500 miles from Sidney, Australia, and leaking badly, the British motorship Enkon, with a crew of 60 to 75 aboard, today waited for help.

Yesterday the Dollar liner, President Madison, which was 4000 miles away, received a distress signal from the Enkon.

Attempts were made to get in touch with radio stations in Australia or ships near the grounded vessel, since the President Madison was too far away to render assistance.

Says Hoover Erred

Associated Press Photo

Rep. James M. Beck of Pennsylvania, republican, said President Hoover "imperiled the chances of his reelection" by his recommendation on the Wickersham prohibition report.

MISSING PLANE FOUND; BELIEVE CASE IS DEAD

Wreckage Is Found by Al Davis, Varney Air Mail Pilot, Near Washougal, Wash.

SEATTLE, Jan. 28. (AP)—A rescue party will leave Washougal, Wash., immediately on the return of Al Davis, Varney air mail pilot from a second trip to the vicinity where today he sighted wreckage of the Walter E. Case mail plane. Davis said he saw no signs of Case.

Case has been missing since last Thursday when he disappeared while flying mail eastward from Portland. Davis sighted the missing machine about 18 miles north of Washougal. A second flight to the wreckage was made so Davis could give the rescue party the exact location.

Davis said the plane lay crumbled at the foot of a high bluff about 15 miles north of his course, on the air mail line from Portland to Pasco. From the condition of the wreckage, Davis concluded Case had been killed. Postal inspectors said they would proceed at once to the wreck to redeem the mail.

On his second trip to the wreckage from Portland Davis carried Charles Wrightson and Russell Vornbrock. They dropped within 1000 feet of the Case plane. It was on a barren rock with its nose pointed toward the bluff Davis said. Leon V. Cuddeback, vice president of the Varney lines, said he had ordered searchers to proceed on foot.

The wreckage lies about five miles from the nearest road and can be reached by a route partly blocked by snow, he was informed.

Washougal is about 16 miles east of Vancouver, Wash., on the Columbia river.

Rangers to Search.

VANCOUVER, Wash., Jan. 28. (AP)—A party of 10 Columbia national forest rangers was organized here tonight to attempt tomorrow to reach the wreckage of a plane identified as that in which Walter E. Case disappeared last Thursday.

The rangers will be led by Ralph Shepheard, chief ranger of this district, and A. L. Wang, chief ranger of the Spirit lake district.

The party will leave from Mount Pleasant early tomorrow and will drive to Skye. From there they will proceed on foot.

The rangers will be equipped with snowshoes and provisions for at least two days. They do not expect to return before Friday. They will take packhorses as far as possible.

The territory they will have to cover is burned and their progress will be impeded by fallen timber.

TESTIMONY ENDS IN LIQUOR TRIAL

SPOKANE, Jan. 28. (AP)—Testimony ended and arguments were begun today in the liquor conspiracy trial of Sheriff Pete Wheeler and seven other Chelan county residents in federal court.

The testimony concluded, Judge J. Stanley Webster denied defense motions to dismiss the charges. Sixteen witnesses were heard. During the eleven days of the trial 120 have testified.

It was agreed the government should have six hours and the defense six and one half hours for arguments.

DEAF MUTE TALKS OVER TELEPHONE

NEW YORK, Jan. 28. (AP)—Dr. Thomas W. Fox, 54, talked by telephone today for the first time.

Totally deaf since he was 10 years old, he carried on a conversation with his son, Edwin, more than a mile away.

Dr. Fox was in a television booth in the Bell Telephone laboratory on Broadway, his son in a light booth at the Mattoon Street laboratory.

The conversation was all by finger alphabet. Bell officials said today they knew of no precedent for the conversation.

PEACE AND TAXES GET DISCUSSION

BURLEY, Idaho, Jan. 28. (AP)—Peace and taxes were prominent in the discussions on a diversified program at an open session of the Idaho State Grange's 23rd annual convention here today.

Roy Dodge, Seattle tax expert lately employed as tax advisor of the Idaho legislature, and J. J. Handsaker, Portland, secretary of the National Council for the Prevention of War were the principal speakers. E. J. Iddings, dean of the University of Idaho college of agriculture, discussed some problems of the West Indies in relation to Idaho at the evening session.

SUED FOR STOLEN AFFECTIONS

Associated Press Photo

Mrs. Sada E. Lund, (left) former vaudeville dancer, has sued Dorothy Janis, (right) enchantress in a motion picture made in Borneo, for $25,000, charging the film player stole the affections of her husband, Sidney Lund.

STATE CHAMBER AIDS MANY ORGANIZATIONS

Introduce Memorial to Secretary of Navy Asking Allocation of Ship to Bremerton Yards.

BOISE—The Idaho state chamber of commerce is taking an active part in aiding organizations, both in and out of the state, to present matters for the consideration of the legislature, it is announced by L. F. Parsons, secretary. This is a function of the state chamber and is part of the service which the state organization gives to local commercial and civil organizations.

At the request of the stabilization bureau of the Puget sound navy yard at Bremerton, the state chamber drew and has introduced a memorial to the secretary of the navy asking him to allocate to the Puget sound yard one of three battleships recently designated for modernization. The purpose of the memorial was to relieve the unemployment situation.

One of the subjects on the state chamber's annual meeting program was that of county consolidation and prior to the meeting T. L. Martin, attorney for the chamber, was asked for an opinion regarding this move. He declared it could not be done without a constitutional amendment. Now the judiciary committee of the senate has asked the state chamber to have Mr. Martin draft a proposed joint resolution that would have for its purpose amending the constitution so as to permit county consolidation.

The trend of thought among legislators seems to be toward a drivers' license law as a means of trying to check the appalling loss of life and property on Idaho highways each year. The state chamber has been advocating a drivers' license law for some months and has a draft drawn which follows closely the uniform law on the subject. As a service to the state copies of this proposed law have been placed in the hands of the members of the highway committees of the house. The state chamber is hopeful that such a measure will be enacted giving Idaho a law requiring drivers to be licensed without any additional cost to the motoring public.

The state chamber is acting as a clearing house for commercial and civic organizations over the state during the session of the legislature. Already many resolutions, communications and suggestions have come from these organizations for the legislature and the state chamber has seen to it that they were brought to the attention of the proper committee.

'ROMANCE' SHOWS AT GRAND TONIGHT

Greta Garbo and Clarence Brown Star in Picture Adapted From amous Stage Hit.

The invariably successful combination of Greta Garbo as star and Clarence Brown as director whose joint efforts resulted in such outstanding screen contributions as "Flesh and the Devil" "A Woman of Affairs" and "Anna Christie," is again seen in Miss Garbo's new all-talking production, "Romance," which will open a two day run Thursday at the Grand theatre.

The new vehicle was adapted from the stage hit by Edward Sheldon which following a successful engagement in this country was taken to England where it played for more than three years with Doris Keene in the role portrayed by Miss Garbo on the talking screen.

Romance of Opera Star.

The story presents the romance of a foreign opera star whose past mistakes contrive to frustrate the first true love she has ever encountered. The settings are laid in a society environment of New York in the old days when hoopskirts and bustles were fashionable, Miss Garbo presenting a quaint appearance in the antiquated styles. An unusual feature of the picture is the inclusion of a prologue and epilogue, the main story being told in a flashback.

An expert supporting cast was chosen to support the star in her second dialogue picture, including Lewis Stone, Gavin Gordon, Elliott Nugent, Florence Lake, Clara Blandick, Henry Armetta, Mathilde Comont and Countess Nina de Liguoro.

Report has it that "Romance" is by far the finest characterization given by Greta Garbo to date.

JOHN BROWN'S LETTER BRINGS 21 SHILLINGS

LONDON (AP)—Dated 1860, a letter written by Mary A. Brown, widow of John Brown, American civil war abolitionist, realized 21 shillings at auction here.

The letter thanked the addressee for clothing and concluded: "When will the oppression cease and the love of God prevail?"

Two volumes of the first edition of the Vicar of Wakefield dated 1766 brought 295 pounds sterling.

DEPRIVED OF HARMONY.

There are only thirty sets of attuned church chimes in the United States.—Woman's Home Companion.

MANY ATTEND LAST RITES FOR KEATING

Business Houses Are Closed for Services; Veterans' Firing Squad at Cemetery.

Crowding the Masonic temple to capacity Wallace people Wednesday afternoon paid their respects to the memory of Charles A. Keating, city treasurer, and for many years assistant cashier of the First National bank, at funeral services conducted by the Masonic lodge.

In addition to the lodge ritualistic service Rolf Logan, accompanied by N. Earle Bushnell on the piano, played an appropriate violin selection. Services at the grave were in charge of Rev. Victor E. Newman. A salute was fired by a Veterans of Foreign Wars firing squad. Interment was in a local cemetery.

City offices, the First National bank and many business houses were closed during the services.

Active pallbearers were Keith K. Bailey, George Zellars, J. W. Wimer, Lee W. Parker, L. C. Wilson and Robert Strachan. M. J. Flohr, J. F. McCarthy Sr., C. W. Newton, J. C. White, H. G. Washburn, L. E. Hanley, O. W. Lewis and C. Z. Seelig were honorary pallbearers.

Members of the Veterans of Foreign Wars who took part in the ceremony were: John L. McKibben, Ed Haugen and O. C. Newman, color bearers; George Briggs and Morris Ogilvie, color guard; William L. Coe, John Cuzzetto, Paul White, R. B. Lundy, William Wilkins, John B. George, George Klepinger, A. S. Berg and Burke Mackintosh, firing squad; James Pasta, bugler, and Richard Allen, commander.

WA-HI STAFF HAS NEW NEWS HOUNDS

The appointment of a new staff of news writers for the junior high school department of the Wa-Hi Booster was announced Tuesday by Frederick Zamboni, editor-in-chief.

The staff at this time is composed of the following members: Frederick Zamboni, editor-in-chief; Audrey Oberg, associate editor; Eleanor Drusdine, student body reporter; Richard Paris, ninth grade; Dorothy Whitehurst, eighth grade; Ethel McDermott, seventh grade; Leroy Litten, sports; Margaret Ferrari, jokes.

OLD INDIAN MOUND IS LEVELED FOR FARM

EAST ST. LOUIS, Ill. (AP)—Ancient Indian mounds are no bar to the truck farming activities of Will and Fred Powell of near here.

When one of the Cahokia mounds, 50 feet high and estimated to contain 40,000 cubic yards of soil, presented an obstacle to their farming, the two brothers put a steam shovel to work leveling the man-made hill.

The dirt was spread over 15 acres of swamp lands. Numerous Indian relics were uncovered by the shovel.

BOOK BUSINESS BOOMS

LONDON (AP)—Bad times seem to stimulate reading for 1930 was the most prolific year in the history of British publishing. The year saw 15,393 books published, 1307 more than in 1929.

I WONDER WHAT RILEY IS GOING TO DO? HE SAID HE'D BE BACK IN AN HOUR....
I BETCHA I KNOW WHAT HE'S UP TO!
NEBBE HE'S GOING TO GET ONE OF THOSE BIG SLEDS, THAT WILL HOLD A WHOLE RAFT OF KIDS.... D'YA THINK SO, OSSIE?
NO...THAT AIN'T WHAT I THINK... I THINK MEBBE HE'S GOING TO BUY A PONY FOR EACH KID !!
AW...HE WOULDN'T DO THAT...SEE, HE ISN'T MADE OF MONEY!!
WELL...YOU CAN'T TELL... I THINK THAT WOULD BE SWELL!!
WELL...WHATEVER HE WENT FOR WILL BE WORTH WAITING FOR.... GEE...IT'S SOMETHING, ALL RIGHT!!
YEAH... I CAN HARDLY WAIT TO FIND OUT!!

SUNSHINE MELLOWS
Heat Purifies

LUCKIES are always kind to your throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine mellows—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING"—that extra, secret process—removes harmful irritants that cause throat irritation and coughing.

TUNE IN—The Lucky Strike Dance Orchestra, every ... day, Thursday and Saturday evening over N. B. C. networks.

HERCULES MILL BREAKS INTO WIN COLUMN

Wallace Quintet Bowls Over Rose Lake, 44 to 35; Twin City and Eagles Still Lead League With No Defeats.

VALLEY LEAGUE.

	Won.	Lost.	Pct.
Twin City	4	0	1.000
Wallace Eagles	3	0	1.000
Seeber Motors	3	1	.750
Kellogg Eagles	3	1	.750
Morning Mine	2	1	.667
Rose Lake	1	2	.333
Hercules Mill	1	3	.250
Big Macs	1	3	.250
Mullan Drug	0	3	.000
Wallace Firemen	0	4	.000

Results Wednesday.

Hercules Mill 44, Rose Lake 35.
Kellogg Eagles 39, Wallace Firemen 9.
Twin City 49, Big Macs 15.
Seeber Motors 44, Mullan Drug 18.

Game Thursday.

With unblemished records to their credit in the percentage column, the Twin City hardware and the Wallace Eagles basketball teams continued to lead in the race for Coeur d'Alene valley league honors following the Wednesday night competition on Wallace and Kellogg courts.

The Twin City had an easy time pounding the Big Macs, 49 to 15, at the Smelter city, while the Seeber Motors gave the Mullan Drug the smallest portion of a 44 to 18 count. The Hercules Mill quintet of Wallace broke into the win column with a 44 to 35 victory over the Rose Lake hopsters at Wallace, and the Kellogg Eagles advanced into a tie for second place with a 39 to 9 victory over the Wallace Firemen. This game was also played on the Wallace floor.

Eagles Keep Pace.

Although inactive Wednesday evening, the Wallace Eagles kept pace with the Twin City in the "no loss" column and will meet the Morning Mine tonight on the Mullan high school court.

The Hercules Mill jumped into an early lead in its game with the Rose Lake quintet and had a 12 to 6 lead at the end of the first quarter. By half time their margin was reduced to 20 to 19.

Jaggard, forward, and McKeown, center, began locating the hoop in the last quarter after Rose Lake went ahead, 29 to 28, at the end of the third period. Jaggard scored 14 points and McKeown 12. Their performance, however, was dulled considerably by the brilliant scoring of the Barnett brothers, who tallied 31 points between them. M. Barnett was responsible for 17 and B. Barnett 14 tallies for the Rose Lake team.

Scoreless in Last Half.

After battling on even terms during the first half and with the score tied, 9 to 9, at the beginning of the third period, the Kellogg Eagles drew away from the Wallace Firemen in the last two quarters to win handily. The Lodgemen held the fire-eaters scoreless sduring the entire last half.

Anthony, forward, was high point man with 15 tallies. Rizzonelli was high for the Firemen with three points.

The Twin City had a 20 to 4 edge over the Big Macs at the end of the first half, but they were forced to do much of their scoring via the marathon route. In the final two periods, however, they completely smothered their bewildered opponents, ringing the hoop with short shots. Hughes tallied 14 points for high scoring honors.

Three Good Quarters.

The first three quarters of the Seeber Motors-Mullan Drug game were exciting and nip and tuck, but in the final stanza the Kellogg aggregation showed superiority. The Seeber Motors quintet led, 15 to 8, at the half time. Ringle totaled most of his team's points, turning in 11 field goals.

The lineups:

Hercules Mill (44)	Rose Lake (35)
Anderson (6)	F. B. Barnett (14)
Jaggard (14)	F. M. Barnett (17)
McKeown (12)	C. Ladd (2)
Smith	G. Greeves
Jones	G. Whiteman (2)

Substitutions.

Hercules Mill—McEachern (8) for Jones, Coulter (4) for Anderson, Dolan for McKeown, Anderson for Dolan, Jones for Coulter, McKeown for Smith, Coulter for Anderson.
Rose Lake—none.
Referee—Hally.

Kellogg Eagles (39)	Firemen (9)
Valentine (8)	F. McArthur (2)
Anthony (15)	F. Crowley (2)
Conley (5)	C. Strope (2)
Paul (5)	G. Wilson
Ross (2)	G. Rizzonelli (3)

Substitutions.

Kellogg Eagles—Loehoefer (2) for Valentine, Taylor (2) for Conley, Hawkes for Ross.
Referee—Hally.

Twin City (49)	Big Macs (15)
Emmingham (6)	F. Emmingham (6)
Hughes (14)	F. Hopkins (5)
Brown (9)	C. Lamuth (1)
R. Utt (8)	G. Peterson (1)
Drummond (2)	G. Lutz

Substitutions.

Twin City—Lemich (10) for Emmingham, Westcott for Hughes; Hughes for Brown.
Big Macs—Turnbow for Lamuth, J. Lamuth for P. Emmingham, F. Emmingham for Peterson, McCartney (2) for Lutz.
Referee—Cotter.

Seeber Motors (44)	Mul. Drug (18)
Mills (4)	F. Gribble (9)
Ringle (22)	F. Alanko (2)
H. Huefner (2)	C. Elfers
O. Huefner (1)	G. Smith (7)
Simmons (8)	G. Olson

Substitutions.

Seeber Motors—Kroll (4) for Mills, Clifford (3) for H. Huefner.
Referee—Cotter.

BOXING SHOW IS ARRANGED

Will Be Held in High School Gymnasium, Probably February 27; Tourney in Kellogg, Too.

Plans for an amateur boxing tournament to be held February 27 in the Wallace high school gymnasium are being perfected by officials of the Wallace high school, Mel Ingram, athletic director, announced Wednesday night.

Under the direction of Boxing Coach Wright, who during the regular school hours is a sixth grade instructor, some 30 youths are working out regularly after school hours. Several promising boxers have been developed.

Ingram pointed out that the boxing classes were conducted mainly for the benefit of students who are not participating in basketball. Basketball players will not be allowed to compete in the events until after the regular hoop season has been completed.

Many Prospects.

Among the most promising boxers are Bud McMahon, Leo Reich, Jim Bening, Harold Hultner, Harry James, Jaynes and Duncan. Several pairs of boxing gloves have been provided and even junior high school boys are taking advantage of the instruction.

The tournament will be similar to one conducted recently in the Kellogg Y. M. C. A. Al Loren, physical director of the "Y," announced Wednesday night that plans are rapidly being completed for another boxing tournament to be held probably on February 22, during anniversary week at the Y. M. C. A.

There has been some talk of picking the winners of the two tournaments and draw up an inter-city boxing card, strictly amateur, with high school students participating.

ALTER DATE FOR NET GAMES

Panhandle Conference Basketball Tournament Changed From Feb. 26-27 to March 6-7.

The dates for the Panhandle conference basketball tournament have been changed from February 27 and 28 to March 6 and 7, Charles E. Davis, secretary of the conference, announced Wednesday in a communication to various members of the conference. The tourney will be held in Coeur d'Alene.

This change was made necessary because the conference officials found that it was impossible to secure the services of Bobby Morris, Seattle referee, on the February 27-28 dates. Morris has notified officials he will be able to be in Coeur d'Alene March 6-7.

Attention this week in the activity of the southern division of the Panhandle loop is turned toward the invasion of the Kellogg Wildcats, now tied for second place, into the river district. The Wildcats will tangle with Harrison Friday night and Saturday night will meet the conference-leading St. Maries aggregation.

Have Even Break.

Dopesters give the Smelter City team an even break to win one or both games on the trip, despite the fact that Harrison humbled the Wildcats on the Kellogg court and that St. Maries has two verdicts over Harrison.

Wallace will engage in only one game this week-end, tangling with the Burke Bobcats on the Wallace floor Saturday night. The Wallace team is picked to defeat Burke, although the Burke squad, divided into two sections, played excellent ball against the St. Maries Lumberjacks last Friday.

Mullan and Kingston have no games scheduled for this week.

Sport Slants

By ALAN GOULD
Associated Press Sports Editor

There is no disagreement on the theory that Jack Dempsey, if he makes any fistic comeback at all, must try it this year, but there are at least two outstanding obstacles to the return of Old John.

The first is his own lack of an incentive, unless the big money lure is too substantial to resist.

The second is the lack of a promoter of the type of Tex Rickard, willing to take a gamble and shoot the works.

There are some other factors, such as the very important one as to whether Dempsey again can get into real fighting condition. For that matter, he rather thinks he could do so, but he admits that the vital urge to attempt another ring battle is largely missing.

"The whole situation has changed, so far as I am concerned," he said in a chat around the dinner table.

"When I was fighting for the championship, there was a real incentive. I took a great deal of pride in my ability to stick to the top and even after I lost the title to Tunney, I was convinced I could regain it in the next year.

"That's all over now. I don't like the idea of fighting just for the sake of giving or taking a sock. Big money is attractive and no doubt I could collect a chunk for a go at either Sharkey or Carnera. But I'm fixed O. K. so far as the dough is concerned. I've got a $700,000 trust fund that will keep the wolf from the door.

"I can do pretty well without putting the gloves on. Then maybe in a few years I can settle down to some steady business.

In spite of the business depression that has hit Madison Square Garden box-office a number of heavy wallops, the situation is ripe for an outdoor "natural" such as a return Dempsey-Sharkey match this year.

New York has been left high and dry in the heavyweight shuffle so far for 1931, with Stribling and Schmeling slated to fight for the title somewhere in the mid-west, presumably Chicago, and the winner committed to meet Carnera later in the same locality.

Sharkey also is "out in the cold" despite the fact that the Three Dukes of the New York boxing commission consider him the No. 1 heavyweight.

The Madison Square Garden millionaires might recoup with Dempsey but they have been embroiled in their own troubles; increasingly so since the death of Tex Rickard. Until these are solved or unless there is a big shake-up, the chances are slim that an attempt will be made to regain control of the heavyweight situation, once so firmly dominated by Rickard.

WHEN MAIN STREET BECOMES CHAIN STREET

MR. LOCAL BANKER: Did you ever reap one cent of profit on a chain store account? Did you ever make a loan to one of these concerns?

MR. LOCAL LAWYER: Did you ever draw up a lease or any other legal paper for foreign owned stores?

MR. LOCAL INSURANCE MAN: Did you ever issue a policy on any property controlled and managed from Wall street?

MR. LOCAL PRINTER: How many letterheads, posters, statements, bill heads, etc., have you printed for these concerns?

We might continue this list indefinitely. Suffice it to say that Chain Stores leave no money in a community that they can possibly take out.
